

Wood Procurement Policy

Date: 01-FEB-2020

Daiken New Zealand Limited and Daiken Southland Limited are committed to the environmentally and socially responsible procurement of wood.

In order to achieve our goal we will:

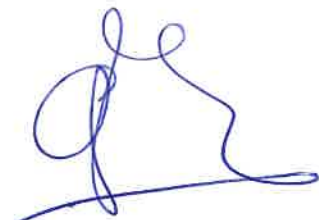

- Procure wood only from plantations that are managed according to applicable Laws and regulations.
- Preferentially, source wood from FSC certified suppliers.

We exclude from its supply:

- Wood that has been illegally harvested.
- Wood from forests areas of high conservation value.
- Wood derived from genetically (transgenic) modified trees.
- Wood from natural forests converted to plantations or non-forest use.
- Wood harvested in violation of traditional or civil rights.
